RE: 439 Kirkcaldy Drive – Conditional Use Application

Dear Mr. Ryan Nickel;

I, Mr. Raymond Burgess on behalf of RDJ Developments, would like to request a conditional use variance to support the development of two semi-detached residences and one single family residence on the RSD zoned property at 439 Kirkcaldy Drive in the City of Brandon.

The property in question is located on Kirkcaldy Drive, a major collector along the Assiniboine River in the North end of Brandon. The streetscape currently consists of single family residences along the north side and Open Space zoning along the south side. We would like to request a conditional use variance to allow for the construction of two semi-detached and one single family dwelling.

The property is 125'-0" [38.1 m] x 120'-0" [36.6m], made up of 5 – 25'-0" [7.62 m] lots and is zoned RSD. The property currently allows for the construction of five single family residences and our proposed development would consist of two semi-detached units (duplexes) and one single family residence. We feel the duplexes are a better use of property, allowing for the units to share a common wall along the existing property lines. As we are not increasing density, we feel that this project will fit within the current streetscape and will be well accepted by neighbors.

I, Mr. Raymond Burgess representing RDJ Developments, appreciate your time and consideration for the conditional use variance to allow for the construction of two semi-detached and one single family residence at 439 Kirkcaldy Drive in the City of Brandon. Please feel free to contact myself with any questions or concerns.

Kind regards;

Raymond Burgess  
YBR Drafting & Design
