Re: Application to revise Conditional Use C-6-14-B & C-13-14-B

VBJ Developments is applying on behalf of the owner of 2200 Pacific Avenue (5326028 Manitoba Ltd) to amend Conditional Use Order C-6-14-B and C-13-14-B. The owner has decided, after further analysis of the site, to make further changes to the approved Planned Unit Development Concept Plan for his development; and in doing so requires the approval of the Planning Commission. The following is the list of change being requested:

Change #1: Reducing the minimum required parking spaces from 144 to 110

This change is being requested due to the removal of Building #5 from the development and due to some grading issues at the north end of the site. The total site will now have 128 units, instead of 144 units as previously proposed. Building #4 will increase in height from 3 storeys to 4 storeys and from 24 units to 32 units. The last buildings of 24 units will be removed entirely. The entire development will have 265 parking spaces; 110 spaces will be on 2200 Pacific Avenue and the remaining 153 are located on 1820 Pacific Avenue, which the owner leases from the City of Brandon.

Even with the reduction of parking, the development will still provide 2 parking spaces per unit. As previously stated in the original Conditional Use application; the parking issue, the reason for this application, is only caused by the fact that the developer is leasing land from the City of Brandon offsite to accommodate parking for the development.

Thank you for your consideration in this matter. If you have any questions please let me know.

Sincerely,

Steve McMillan
VP of Planning Services
VBJ Developments Ltd.
