Subject: Variance application V-05-19-B

I do not have an objection to the side yards, but I do not agree to reducing parking from 30 to 23. It is bad enough that some residents would have to park on the street, but visitors would have to find alternative parking. My location on 7th st has a parking area that I created for them in the back yard but there is enough traffic on the street that visitors, including myself have to park a distance away and carry tools etc to the location.

I do not live in Brandon and cannot attend the hearing as I have other commitments, so I am hoping that this Email can be submitted on my behalf.

Please advise

Henry (Hank) Kyle
Owner of 324 and 328 7th st.
