

**CONTINUING CONSOLIDATION
BY-LAW NO. 5863/20/91**

SOLID WASTE COLLECTION & DISPOSAL BY-LAW

AS AMENDED BY BY-LAWS NO. 6033/70/92, NO. 6050/87/92, NO. 6190/39/94, NO. 6265/114/94, NO. 6309/36/95, NO. 6338/65/95, NO. 6347/74/95, NO. 6547, NO. 6591 and NO. 6653.

BEING A BY-LAW of the City of Brandon respecting the collection, removal and disposal of solid waste and for abatement of certain nuisances to be known as the "Solid Waste Collection & Disposal By-law";

WHEREAS Sections 345, 346 and 347 of The Municipal Act provide authority for a Municipality to pass by-laws for establishing, regulating and maintaining a solid waste disposal system;
[AM. B/L 6050/87/92]

NOW THEREFORE the Council of The City of Brandon in meeting duly assembled enacts as follows:

1. DEFINITIONS

For the purpose of this by-law the following definitions shall apply;

- (a) [REP. B/L 6050/87/92]
- (b) [REP. B/L 6050/87/92]
- (c) **Collector** -- shall mean a person who collects refuse within the City limits for and on behalf of the City.
[AM. B/L 6050/87/92]
- (d) **Commercial Property** -- shall mean any property assessed less than 50% residential by the Provincial Municipal Assessment Branch.
- (e) **Commercial Refuse** -- shall mean refuse produced at or on any property defined as commercial property, excluding industrial refuse.
[AM. B/L 6050/87/92]
- (f) **Commercial Refuse Collection** -- shall mean refuse collection provided by an independent contractor and not by the City.
[AM. B/L 6050/87/92]
- (g) **Condominium** -- shall mean both a bare-land condominium and multi-unit condominium where the ownership of the property is divided amongst a number of owners.
[AM. B/L 6591]
- (g.1) **Contaminated Soil** -- shall mean soil contaminated with diesel fuel or gasoline that the City is capable of processing and is licensed to process.
[EN. B/L 6050/87/92]

1. (h) **Contractor** -- shall mean the operator of a commercial refuse collection system, or any licensed general contractor.
[AM. B/L 6050/87/92]
- (h.1) **Extramunicipal Refuse** -- shall mean all refuse, hazardous waste, or contaminated soil, disposed of at the landfill site, which originates outside the boundaries of the City.
[EN. B/L 6050/87/92]
- (h.2) **Fill Material** means material from excavations, streets or driveway renovations, building and basement demolitions, or other similar activity, which is exclusively comprised of concrete smaller than 300mm (11.8 inches) in any direction, cinder blocks, asphalt, gravel, dirt, or other similar biologically and chemically inert materials; and includes industrial fill material and residential fill material.
[EN. B/L 6309/36/95]
- (i) **Hazardous Waste** -- shall mean a substance that is designated a "hazardous waste" under the **Dangerous Goods and Transportation Act R.S.M. 1987 c.D12.**
- (i.1) **Industrial Fill Material** means fill material hauled by a construction contractor or other person performing work for a fee.
[EN. B/L 6309/36/95]
- (j) **Industrial Refuse** -- shall mean material from excavations containing biologically degradable material, material from building constructions, repair, alteration or maintenance, debris from any building removed, destroyed by fire or any other cause, material from manufacturing processes, slaughterhouse offal, dead animals, poultry and/or fish, refuse from garages and filling stations, condemned matter or refuse from factories, or other works, from fruits and vegetable warehouses or market gardeners and ashes from steam power plants.
[AM. B/L 6050/87/92; B/L 6347/74/95]
- (j.1) **Landfill Site** -- shall mean the City's sanitary landfill site which is designated by the City as the current landfill site for the purpose of disposing of refuse.
[EN. B/L 6050/87/92]
- (k) **Litter** -- shall mean accumulated odds and ends, leavings, a state of untidiness, a disorderly accumulation of paper and other refuse.
- (k.1) **Manure** -- means animal excreta combined with straw or other similar material acceptable to processing in an aerobic composting operation. It is to be free of wax paper, plastics, metal cans, glass or other similar contamination.
[EN. B/L 6347/74/95]
- (l) **Mobile Home Park** -- means an area that is intended to be used, and is used primarily, as a site for the placing or parking of mobile homes and where the owner of the mobile home is charged a fee by the owner of the land for parking rights.
- (m) **Multiple Dwelling** -- shall mean a building or portion thereof, designed for occupancy by three (3) or more families living independently of each other.
- (n) [REP. B/L 6050/87/92]

1. (o) **Owner** -- means a person who is an owner of a freehold estate in land in a municipality; and includes a person who is the owner of such an estate jointly owned with another person; and a person who is registered under "The Condominium Act" as the owner, as defined in that "Act", of a unit under that "Act". The term owner shall include occupant in the case of rental premises.
- (o.1) **Recyclable Wastewater Sludge** – means sludge derived from a wastewater treatment process used in conjunction with a domestic sewage system. The sludge must not contain heavy metals or other forms of contamination which would restrict it from use in the production of quality compost.
[EN. B/L 6347/74/95]
- (p) **Refuse** -- including debris, garbage and litter, shall mean that which is refused or rejected as useless or worthless matter, filth, residential refuse, industrial refuse, or commercial refuse, rubbish, scum or leavings, including all foreign substances and pollutants other than liquid sewage, liquid waste, hazardous waste, and contaminated soil; and "Waste" and "Solid Waste" shall have a similar meaning.
[AM. B/L 6050/87/92]
- (p.1) **Refuse Container** -- shall mean a container used for the collection of refuse within the City.
[EN. B/L 6050/87/92]
- (q) **Residence** -- means any single dwelling unit, including but not limited to a single family dwelling, a mobile home, a condominium unit, a row housing unit or a single apartment.
[AM. B/L 6591]
- (q.1) **Residential Fill Material** means fill material created and hauled by the resident of the residential property from which the fill originated.
[EN. B/L 6309/36/95]
- (r) **Residential Property** -- shall mean any property assessed fifty percent (50%) or more residential by the Provincial Municipal Assessment Branch.
[AM. B/L 6050/87/92]
- (s) **Residential Refuse** -- shall mean refuse material, other than industrial refuse and commercial refuse, and limited to 25 kilograms in weight per item and a maximum of 1 meter in dimension in any one way, not exceeding;
- (1) 0.75 cubic meter, per collection, from any single family residence;
- (2) 0.75 cubic meter, per mobile home unit, from any mobile home park; or
- (3) 0.2 cubic meter, per unit collection, from any multiple dwelling.
- Notwithstanding the above, where a residential use occupies part of a commercial property the City Engineer may authorize residential refuse collection for the residential use at such location.
[AM. B/L 6050/87/92]
- (t) **Sanitation Section** -- shall mean the Sanitation Section of the Public Works Division of the City's Department of Engineering and Operations.
[AM. B/L 6050/87/92]

1. (u) **Shopping Cart** -- shall mean any wagon, cart, or device designed to be either drawn or propelled by means of human power and intended principally for conveyance of produce or merchandise in and about retail stores.
- (v) [REP. B/L 6050/87/92]
- (w) **Special Cleaning** -- means any program held for the removal of large residential refuse items such as stoves, refrigerators, mattresses, bed springs and such other items which may be found in a residence.
[AM. B/L 6050/87/92]
- (w.0) **Tipping Fee** -- means the charge for disposal based upon weight for refuse, industrial fill material, hazardous waste, and contaminated soil.
[EN. B/L 6190/39/94; AM. B/L 6309/36/95]
- (w.1) **Type 1 Refuse Container** -- means a refuse container approved by the City Engineer and used for front street refuse collection, compatible with the City refuse collection system, with an approximate size of 0.45 cubic meters.
[EN. B/L 6050/87/92]
- (w.2) **Type 2 Refuse Container** -- means a refuse container approved by the City Engineer and used for rear lane refuse collection, compatible with the City refuse collection system, with an approximate size of 1.15 cubic meters.
[EN. B/L 6050/87/92]
- (w.3) **Type 3 Refuse Container** -- means a refuse container approved by the City Engineer and used for rear lane refuse collection, compatible with the City refuse collection system, with an approximate size of 2.3 cubic meters.
[EN. B/L 6050/87/92]
- (x) [REP. B/L 6050/87/92]

2. **CONTROL**
 - (a) No person shall dispose of solid waste, hazardous waste, or contaminated soil in the City except in the manner provided in this by-law. This section shall not prohibit the use of a household garburator, or similar device, for disposal of food waste.
[AM. B/L 6050/87/92]
 - (b) The collection, removal and disposal of solid waste, hazardous waste, or contaminated soil in the City shall be under the direction and supervision of the City Engineer.
[AM. B/L 6050/87/92]
 - (c) The City Engineer is hereby authorized and directed to arrange a "collection" schedule for the City's periodic collection of residential and commercial refuse.

2. (d) Following every amendment to the regulations contained herein, or the fees referenced herein, the City Engineer shall publish, in at least two issues of a newspaper having a general circulation in the City, a public notice advising the by-law has been amended or the rates changed, effective on a stated date, and that same is available for viewing in the office of the Department of Engineering and Operations, during regular office hours. The City Engineer shall keep a current consolidation of the by-law posted in a public place in the said office at all times. Where possible, such public notice shall be published within the two week period prior to implementation of the regulations or fees; otherwise, it shall be published immediately following implementation.
[AM. B/L 6050/87/92; 6547]
- (e) The decision of the City Engineer shall be final as to quantities and classes of material to be moved in accordance with this by-law.
- (f) The removal and disposal of industrial refuse or commercial refuse shall be the sole responsibility of the party that has generated such refuse.
[AM. B/L 6050/87/92]
- (g) When an owner or occupant requests the City to enter onto private property to collect residential or commercial refuse for disposal, the owner or occupant shall first enter into a written agreement to save harmless the City for any damage which may arise from such collection. Should an owner or occupant not be prepared to save harmless the City, then the City shall not be required to collect any refuse from the said property and the owner or occupant shall be solely responsible for refuse removal.
[AM. B/L 6050/87/92]
3. REGULATIONS FOR STORAGE AND COLLECTION OF REFUSE
- (a) Only refuse containers approved by the City Engineer as to size and location shall be utilized for retention of industrial refuse, commercial refuse, or residential refuse to be collected by the Sanitation Section.
[AM. B/L 6050/87/92]
- (b) Property owners or occupants, where front street collection is provided with Type 1 refuse containers, shall be responsible for keeping such containers clean and shall clean such containers when requested to do so by the Sanitation Section staff.
[AM. B/L 6050/87/92]
- (c) (1) the developer of any new single family residence shall at their expense be required to supply either a Type 1 refuse container, for those residences with front street refuse collection, or a Type 2 or Type 3 refuse container which shall be shared between two or more residences, for those areas with rear lane refuse collection;
[AM. B/L 6050/87/92; B/L 6591]
- (2) the developer of any other new residential properties, including duplexes, triplexes and apartment complexes including condominiums or row houses with seven or less units shall be required to supply at their expense Type 2 or Type 3 refuse containers which shall serve two or more residences;
[AM. B/L 6050/87/92; B/L 6591]

3. (c) (3) the owners and operators of apartment complexes, including condominiums or row houses containing eight or more units shall at their expense either provide a refuse container compatible with the City refuse collection system and approved by the City Engineer, or arrange for commercial refuse collection;
[AM. B/L 6050/87/92; B/L 6591]
- (4) churches and community centres shall be entitled to access to refuse containers as detailed in paragraph (2);
[AM. B/L 6050/87/92]
- (5) the owners and occupants of all other properties shall be required to supply, at their expense, refuse containers for refuse collection compatible with the City refuse collection system and approved by the City Engineer or arrange for commercial refuse collection;
[AM. B/L 6050/87/92]
- (6) all property within the City with a structure or structures located thereon shall have suitable refuse containers located thereon and property owners and/or occupants shall either utilize the City refuse collection system or arrange for commercial refuse collection at the expense of the property owner or occupant;
[AM. B/L 6050/87/92]
- (7) any owners or occupants of property as described in paragraph (2) or (4) producing more solid waste than can be accommodated in the refuse containers shall be required either to provide containers compatible with the City refuse collection system and approved by the City Engineer or to arrange for commercial refuse collection at the expense of the owner or occupant;
[AM. B/L 6050/87/92; B/L 6591]
- (8) Type 2 or Type 3 refuse containers may be placed by the City on private property at the request and expense of the owner or occupant. If such a container is damaged or lost the owner or occupant of the property will be responsible to have the container replaced at the owner's expense.
[EN. B/L 6050/87/92; B/L 6591]
- (d) Every person providing, or having provided for him, a refuse container, as required by this by-law, shall keep the cover or door of such container closed, except when placing refuse therein or when stacking refuse for collection purposes.
[AM. B/L 6050/87/92]

3. (e) (1) Type 1 refuse containers shall be placed at edge of driveway/curb with wheels away from the curb adjacent to the roadway for collection not before 1800 hours prior to the scheduled collection day and no later than 0700 hours on the day of collection and removed from the street by 0000 hours the day of the collection. Refuse containers assigned in accordance with this by-law shall stay with that address. If a refuse container is damaged or lost at any time except when placed on the street for collection, the owner or occupant of the property will be responsible to have the container replaced at the owner's expense;
[AM. B/L 6050/87/92; B/L 6265/114/94; B/L 6591]
- (2) residents shall keep all areas where refuse containers are placed clear of snow and litter, in such a manner suitable for mechanical pick-up without operators being required to make manual adjustments to allow for pickup of containers. Seasonal changes may require change of location for collection to be determined by the City Engineer. No refuse shall be allowed around the refuse containers.
[AM. B/L 6050/87/92]
- (f) (1) small tree branches and twigs shall be tied in bundles not to exceed 1 meter in length and other garden refuse must be bagged or boxed and placed inside the refuse container.
[AM. B/L 6050/87/92]
- (2) The following items shall not be allowed in the containers:
- i) poisons, acids, caustics, explosives or other dangerous materials, until instructions have been received from the City Engineer and/or a Provincial or Federal Environment Control Official, as appropriate;
 - ii) sod, concrete, building materials, appliances or furniture. Property owners or occupants shall, at their expense, make arrangements to have this material hauled to the landfill site either by the owner or occupant or arrange for commercial refuse collection.
[AM. B/L 6050/87/92]
- (g) Ashes shall not be mixed with other refuse, but shall be placed cold in suitable non-combustible containers as approved by the City Engineer, and set inside refuse containers.
[AM. B/L 6050/87/92]
- (h) All animal waste should be double bagged before disposing in a refuse container.
[AM. B/L 6050/87/92]
- (i) Industrial refuse or commercial refuse shall be removed by the occupant of the property or premises where such refuse originates or is accumulated, to such place and at such time, or times, as may be designated by the City Engineer.
[AM. B/L 6050/87/92]

3. (j) Where the owner or occupant of the premises places refuse in a refuse container other than one which meets the specifications set out in this by-law, the owner or occupant will be responsible for disposal of same as directed by the City Engineer at the owner's expense.
[AM. B/L 6050/87/92]
- (k) An occupant of premises from which refuse is to be collected by the City shall:
- (1) thoroughly drain all household refuse and place it in paper or plastic bag, or wrap it in paper or plastic, and securely close the bag or tie the parcel before disposing of it in the refuse container;
[AM. B/L 6050/87/92]
 - (2) securely tie discarded clothing, fabric, newspapers, waste paper and magazines, and place same inside the refuse container.
[AM. B/L 6050/87/92]
- (l) Commercial property owners, or occupants, may enter into a written contract with the City for the removal of commercial refuse, at rates established by resolution of City Council.
[AM. B/L 6050/87/92, B/L 6547]
- (m) In the event that any owner or occupant of any property shall fail to comply with any of the foregoing provisions or conditions, the City shall not be required to remove the refuse from the premises and the removal thereof shall be the sole responsibility of the owner or occupant.
- (n) (1) Under no circumstances shall "hazardous waste" or "contaminated soil" be disposed of into a refuse container without a prior written agreement identifying the nature of the hazardous waste or contaminated soil being made between the generator thereof and the City Engineer and approved by either the respective Provincial or Federal regulatory agency.
[AM. B/L 6050/87/92]
- (2) The City may authorize or endorse a hazardous waste disposal depot to provide residents a means by which to dispose of hazardous waste items.
[EN. B/L 6050/87/92]
- (o) The City Engineer may authorize a special cleaning program to promote the beautification of the City and to provide residents a means by which to dispose of large items.
[EN. B/L 6050/87/92]
- (p) The City shall not provide refuse collection services beyond the boundaries of the City of Brandon without prior approval from City Council.
[EN. B/L 6190/39/94]

4. LITTERING

- (a) No person owning or occupying property shall allow litter to accumulate upon that property in such a manner as to be unsightly or in such a manner that said litter may be blown or otherwise carried by the natural elements onto a public place, public area or private property.
- (b) Persons owning or occupying property shall keep the ditches, sidewalk, lane at the rear of, and/or the boulevard in front of and flanking, the property free of litter.
- (c) No person shall load a vehicle used for the conveyance of litter in such a manner that the load may be readily disturbed by vehicular movement or wind unless such vehicle is so constructed as to totally enclose the load or the load is covered by a tarpaulin, netting or other device of adequate size and design so as to totally cover the load and to prevent material escaping from the load.
[AM. B/L 6050/87/92]
- (d) No person shall drive or move any vehicle within the City unless such vehicle is so constructed, loaded, or covered to prevent any load, contents or litter from being blown or deposited upon any public place, public area, or private property.
- (e) The operator of any vehicle shall not throw, deposit, drop, or dump from any vehicle or allow to be blown from any vehicle, any refuse except where authorized under Section 5 hereinafter.
- (f) Owners and tenants in lawful control of a public area shall provide litter receptacles in appropriate and easily accessible locations and shall be responsible for the servicing and maintenance of these receptacles.
- (g) Persons owning or occupying places of business shall keep the sidewalk and boulevard in front of and flanking, and the lane at the rear of that business premises free of litter.
- (h) Every proprietor of any place where foodstuffs or refreshments are sold in cartons, containers or papers, and the business is carried on under such circumstances that cartons, containers or papers are discarded in the vicinity by patrons of the place, shall keep the premises and all public or private lands, streets, lanes or passageways within a distance of 100 meters from the premises free of all discarded cartons, containers or papers by collecting and disposing of the same at such times and in such manner as shall be satisfactory to the City Engineer.
[AM. B/L 6050/87/92]
- (i) Where a business described in subsection 4(h) is carried on in any place, all discarded cartons, containers and papers, of a kind used in the business, that are found within the 100 meters distance from the place pursuant to subsection 4(h) shall be presumed to have been used for the sale of goods sold in that place, and to have been discarded by patrons thereof.
- (j) No person shall in any public place or on private property abandon a shopping cart or leave a shopping cart unattended.

4. (k) No person shall deposit in or upon any vehicle, street, park, lot, public place or in any open veranda, any handbill, circular, card, advertising matter or other similar article that may litter the streets.
- (l) No persons shall deposit or permit any servant, agent or employee to deposit any refuse, litter, liquid wastes or any offensive matter on or in any street, lane or public place.
- (m) No person carrying on building operations or alterations shall deposit on any street, lane or public place any earth, rubbish, surplus materials or other refuse other than surplus materials described in subsection 5(e).
[AM. B/L 6050/87/92]
5. LANDFILL SITE
- (a) All residents of the City are permitted to deposit residential refuse and residential fill material at the designated area in the landfill site, which shall be established and identified by the City. Such deposits may be made during hours that the landfill site is open, and are subject to the City's annual fee schedule. The materials deposited shall not contravene the other provisions of this by-law or the terms of reference in the license issued to the City under The Environment Act or regulations as amended.
[AM. B/L 6050/87/92; B/L 6309/36/95; 6653]
- (b) No person shall make any deliveries or deposits of any sort at the landfill site at any time other than posted hours except with the permission of the City Engineer.
[AM. B/L 6050/87/92]
- (c) Every driver or other person delivering refuse to the landfill site shall follow routes to and from dumping sites within the landfill site and deposit the refuse in such place and in such manner as instructed by the attendant in charge or as directed by signage and not otherwise.
[AM. B/L 6050/87/92]
- (d) Notwithstanding subsection (a), the City Engineer reserves the right to waive residential tipping fees for special promotional purposes.
[AM. B/L 6050/87/92; B/L 6190/39/94; B/L 6309/36/95; B/L 6547; 6653]
- (e) [AM. B/L 6050/87/92; REP. B/L 6309/36/95]
- (f) [AM. B/L 6050/87/92; REP. B/L 6190/39/94]
- (g) Any person utilizing the landfill site shall obey the posted speed limits while operating a motor vehicle within the landfill site.
[AM. B/L 6050/87/92]
- (h) [REP. B/L 6050/87/92]

5. (i) Refuse shall be expeditiously off-loaded from the vehicle and any passengers therein shall exit the vehicle only to assist in off-loading refuse. Upon completion of off-loading, the vehicle and all its passengers shall immediately leave the landfill site.
[AM. B/L 6050/87/92]
- (j) Extramunicipal refuse shall not be deposited in the Eastview Landfill unless it meets the following criteria:
- (1) it originates from within a municipality that has a written agreement with the City pursuant to subsection (j.1); or
- (2) it is contaminated soil for which the original owner has obtained a permit in accordance with subsection (k).
[AM. B/L 6050/87/92; B/L 6190/39/94]
- (j.1) Pursuant to subsection 4(3) and section 347 of the Act, the City may enter into agreements with other municipalities for use of the Eastview Landfill site for the purpose of depositing extramunicipal refuse. This agreement shall set out the fees as established by resolution of City Council together with conditions of use.
[EN. B/L 6190/39/94; B/L 6547]
- (k) The City will only accept hazardous waste or contaminated soil for which the Province of Manitoba has licensed the City to handle at the landfill site and which the facilities are able to handle. A permit must be received from the Sanitation Section prior to disposal and the permit fee, as established by resolution of City Council, must be paid. The Sanitation Section has the right to refuse hazardous waste or contaminated soil which, in their opinion, is not in the best interest of the City to accept.
[AM. B/L 6050/87/92; B/L 6547]
- (l) Manure will be accepted at Eastview Landfill, upon authorization from the Sanitation Section, on a per truck load basis for loads equal to or less than 22 cubic metres and which weigh equal to or less than 9 tonnes. Manure in loads greater than 22 cubic metres or greater than 9 tonnes will be classified as recyclable sewage sludge.
[EN. B/L 6347/74/95]
6. ABATEMENT OF NUISANCES
- (a) It shall be an offence for any person to deposit or accumulate or permit to be deposited or accumulated upon his premises anything which would or may become offensive or injurious to health, or to allow such deposit or accumulation to remain upon his premises when ordered to remove same by the City or its agent.
[AM. B/L 6050/87/92]
- (b) No person, by himself or other person, shall deposit any dead animal, fish and/or poultry, offal, manure, garbage, fruit, vegetables, excreta, filth or anything which is or may become prejudicial to health upon or into any street, lot, ditch, pond, stream, river, well or storm drain or onto any lane or premises; provided, however, that the provisions of this Section shall not apply to proper disposal of any such material into the landfill site or a recycling depot with the consent of the City Engineer and providing further that it complies with the regulations of The Environment Act.
[AM. B/L 6050/87/92]

- 6. (c) The City Engineer may, by written notice, require the removal of any accumulation of dirt, stones, old implements, scrap iron, or other rubbish from streets or other public or private property by the person depositing same or permitting same to remain on the property owned or occupied by him. This regulation shall not affect any property that has received authority from Council which allows for the operation of any commercial or business establishment that requires the accumulation of the above materials.
[AM. B/L 6050/87/92]

7. PENALTIES

- (a) Any person who violates, contravenes, or fails to observe and carry out any provisions of the By-law is guilty of an offence and liable on summary conviction to a fine not exceeding \$1,000.00 and costs or to imprisonment for a term not exceeding one (1) month, or to both such fine and such imprisonment.
[AM. B/L 6050/87/92]
- (b) Where the contravention, refusal, neglect, omission or failure, including failure to comply with a notice, order or direction given him by the City Engineer, continues for more than one day, the person is guilty of a separate offense for each day that it continues.

8. COMMENCEMENT

This By-law shall come into force on the 1st day of April, A.D. 1991.
[AM. B/L 6050/87/92]

9. REPEALS

The provisions of any other by-law or parts thereof inconsistent with this By-law are hereby repealed.
[AM. B/L 6050/87/92]

DONE AND PASSED in Council duly assembled this 18th day of March, A.D. 1991.

"R. N. Borotsik"

MAYOR

"W. I. Ford"

CITY CLERK
