RECOMMENDATIONS:

That the joint public hearing for Variance Application V-03-18-B be deferred to July 18th, 2018.

BACKGROUND:

Following scheduling the public hearing, further correspondence has been received from Historic Resources and Sioux Valley First Nation regarding a school site cemetery located on the property. The City needs additional time to facilitate discussions with the impacted groups including Sioux Valley First Nation, Manitoba Heritage Resources, Federal representatives and the applicant to ensure everyone is working together prior to proceeding to a public hearing.
