DEPARTMENT: Planning & Buildings	ATTACHMENTS:	
MANAGER: Ryan Nickel, Chief Planner		

RECOMMENDATIONS:

That the public hearing for Variance Application V-03-18-B be postponed indefinitely.

BACKGROUND:

Following the June 20th Planning Commission meeting, representatives of the City met with representatives of Sioux Valley First Nation regarding the residential school site cemetery on the property. The process for completing a heritage resource assessment is extensive and the City requires additional time to meet with Sioux Valley First Nation, the applicant, and provincial and federal representatives to explore options on how to proceed.
