Information and Application

The City of Brandon Water Filter Rebate Program gives eligible Brandon residents a rebate for purchasing an NSF/ANSI-53 certified water filter and/or filter cartridges. Homes built before the mid-1950s may have a lead water service connection. Using a filter is an affordable and effective temporary solution to reduce the amount of lead in tap water to a safe level. **The City of Brandon recommends the use of an NSF/ANSI-53 certified filter in homes where:**

The water service (the pipe that connects your home to the City water supply system) is made of lead;
OR
There are test results confirming lead at levels higher than current national drinking water guidelines of 0.005 milligrams per litre (mg/L).

Restrictions

This application is for:

Those living in a single-family, duplex, triplex home or four-plex homes **OR**
small businesses

For larger apartment complexes, businesses, or institutions, a water filter rebate program will be released later this fall.

This rebate can be applied once per property, or once per suite if a duplex, triplex, or four-plex

If you are a tenant, please contact the owner/landlord to coordinate who will be applying for the rebate. If the tenant is applying for the rebate, the owner/landlord must also sign the application

How to Pick a Water Filter?

The filter must be NSF/ANSI-53 certified for the removal of lead.

Look for this logo on the packaging.

You can purchase an eligible filter device at most home improvement stores.

You can use any type of filter device that works for your property. This includes, but is not limited to:

Under Counter Filters

Reverse Osmosis Filters

Faucet Attached Filters

Point of Entry Filters (where the water enters the property)

To help you make an informed decision on the type of water filter you would like, you can reference

Eligibility Requirements

The City of Brandon will provide a **one-time** rebate of up to \$250 to assist eligible property owners/occupants in the purchase of an NSF/ANSI-53 certified water filter, or replacement filter cartridges. Rebate application must be received by the City of Brandon before December 15, 2025.

Rebates will be processed following:

confirmation there is a lead service connection, **OR**

confirmation of test results which show lead at levels higher than national drinking water guidelines of 0.005 milligrams per litre (mg/L); **AND**

submission of a completed application form provided by the City of Brandon; **AND**

submission of the original receipt & packaging showing purchase of an NSF/ANSI-53 certified water filter.

Copies can be given to you for your records upon request.

How to Apply for the Water Filter Rebate?

1. **Purchase a water filtration device** that is NSF/ANSI-53 certified for the removal of lead. If you already have a water filter device that meets program requirements, you can purchase up to \$250 of filters for the device.
2. **Install the eligible filter device.** If using a faucet filter, the kitchen sink faucet is recommended.
3. **Complete, sign and submit the Water Filter Rebate Program Application Form** (attached below).
Can be submitted in person, or by mail with required documentation to:
Water Filter Rebate Program
638 Princess Avenue
Brandon, MB
R7A 0P3
4. **The City of Brandon will review the application** to determine eligibility and completeness.
If the application is missing documentation, it will be returned and will not be processed until all the information is provided.
If the application is denied, notification will be sent by mail.
5. **Rebates will be sent in the form of a cheque** that is mailed out to the Applicant. Rebates may take up to two (2) months to process.

How to Apply for the Water Filter Rebate?

Administration

1. The Water Filter Rebate Program ("the Program") will be administered by the Engineering Department of the City of Brandon ("the City").

Eligibility Criteria

2. To be eligible for the Program, an Applicant's household must:

- (a) be located in the City of Brandon;
- (b) be a single family, duplex, triplex or four-plex home, or a small business (those requesting one rebate);
- (c) have completed the installation of a National Sanitary Foundation/American National Standards Institute (ANSI) 053 ("NSF/ANSI-53") certified water filter device (as indicated on the receipt) and/or replacement cartridges; **AND**
- (d) confirm that there is a lead service connection; **OR**
- (e) confirmation of test results which show lead at levels higher than current national drinking water guidelines of 0.005 milligrams per litre (mg/L).

Restrictions

3. Rebates will only be applied to the purchase of one NSF/ANSI-53 approved water filter device per household/business.

Requirements of Participation

4. To participate in the Program, an Applicant must submit the following:

- (a) a completed Application before Dec. 15, 2025;
- (b) original dated sales receipt for the NSF/ANSI-53 approved water filter and/or replacement cartridges showing the make and model; **AND**
- (c) original filter packaging.

Applicant's Responsibility

5. Each approved Applicant shall, and by signing this Application agrees to, assume all financial and other responsibility for the selection and installation of an NSF/ANSI-53 certified water filter and/or replacement cartridges, including preparatory plumbing work or plumbing repair. Each Applicant that has received a rebate shall reimburse the City where (1) the water filter and/or replacement cartridges have been returned to the point of purchase for cash or credit refund or exchange for a filter/cartridges that are ineligible for this Program; or (2) the water filter has not been installed.

Conditions of Payment

6. No payment of a rebate under this Program shall be made unless:

- installation of an NSF/ANSI-53 certified water filter device and/or replacement cartridges is complete; **AND**
- (b) a Program application has been completed and approved in accordance with these Terms and Conditions. Rebates shall not exceed the purchase price of the NSF/ANSI-53 certified approved water filter, and/or replacement cartridges.

Terms of Payment

7. (a) Where an Application is approved, rebate monies will be remitted by cheque mailed out to Applicant within approximately two months of receipt of a compliant Application.

The Applicant shall immediately repay the City all rebate monies should this application and/or any accompanying materials be determined to be falsified or containing deceptive information, statement or misrepresentation. Such repayment can be levied as a charge to the Applicant's water bill account, if necessary.

Information and Access Rights of City

8. Each approved Applicant hereby consents to and shall authorize the City and its personnel the right to use or take, including the right to make reproductions of, any information, photographs and digital images and other data concerning any installation under this Program and use same in any report and/or promotional and educational materials produced by and/or for the City.

Personal Information Use

9. The personal information on this form together with any attached documents is collected and used to assess your eligibility for the Water Filter Rebate Program, to process your payment where eligible, and for aggregate statistical reporting.

Disclaimer and Release

10. The City makes no representations or warranties, express or implied, relating to the NSF/ANSI-53 certified water filter devices and/or replacement filter cartridges or their availability, and by submitting an application, each Applicant agrees to completely waive and release the City, its officials, officers, employees, agents and representatives from and against any claims or liabilities whatsoever, including without limitation, any damages, costs and liability for any and all loss, injury or damage to any property or person, whether direct, special, consequential, indirect or of any other nature, in connection with or related to the installation or use of the NSF/ANSI-53 certified water filter device and/or replacement filter cartridges or participation in the Program.

Termination of Program

11. This Program is subject to termination or other restrictions of the terms and conditions by the City of Brandon.
