

ABOUT YAC

The Youth Activity Centres were created to give youth safe, healthy, and engaging opportunities throughout the summer months. Our goal is to support positive growth, learning, and connection in a fun and supportive environment.

To protect the health and safety of all participants, youth must meet the required age guidelines to attend. Youth who do not fall within the appropriate age category will not be permitted to participate, with no exceptions. This ensures that all participants can fully enjoy activities designed specifically for their age group and can engage safely with their peers.

Our Youth Activity Leaders are dedicated to creating a safe, respectful, non-judgmental, confidential, and inclusive environment. Programs are designed to help youth build leadership skills, cooperation, problem-solving abilities, positive relationships, responsibility, and self-confidence. All staff members are trained in CPR and First Aid and are required to complete Criminal Record Checks and Child Abuse Registry Checks to ensure the highest level of care and safety.
