To whom it may concern,

RE: Community Participation Report

Please accept this community participation report in support of the application of conditional use for the property at 301 18th Street. I, Brittany Badiou, CEO of Prairie Naturopathic Clinic, submit this report to summarize our notifications at this time.

To notify the surrounding community, we hand delivered letters to all of the residences in a 100 meter radius as provided by the City of Brandon. (Please see attached list for exact details of notified properties). For those properties that had mailing addresses that were outside the 100 meter radius, letters were either hand delivered to Brandon addresses or mailed for those outside of city limits.

As of yet, we have only received one response from a community member and their comments were extremely positive in support of the clinic being placed at that location. Their feedback was that of excitement, not concern of having the clinic in the community. We have taken the absence of negative comments from the community as support for the application.

We are excited to continue moving forward in this process to be able to move our clinic to this location. At this time there is a public hearing scheduled on January 7th 2026 at 7:00 PM located at the Council Chambers of City Hall at 410 9th Street, Brandon MB. We will be prepared to present our application and expect that city officials and community members will see the value of our clinic being placed at this location.

Sincerely

Brittany Badiou, N.D.
CEO of Prairie Naturopathic Clinic
