

CITY OF BRANDON

STANDARD CONSTRUCTION SPECIFICATIONS

2009 Revision/Additions

Effective Date: March 23, 2009

The City of Brandon Department of Engineering and Operations Standard Construction Specifications which includes The General Conditions of the Contract and the specific Sections referred to in the Contract Documents under; Division 1 General Requirements and Division 2 Site Work are now available in electronic form from the City of Brandon Purchasing Department, Tenders Quotations and Proposals internet site at:

<http://www.brandon.ca/purchasing>.

The City of Brandon will no longer provide printed copies of revisions or additions to the Standard Construction Specifications and will, from this date on, post all revisions or additions to the Purchasing Department internet site.

It is the sole responsibility of each Bidder/Contractor to ensure they are in the possession of complete and current issues of City of Brandon Department of Engineering and Operations Standard Construction Specifications.

Specification Sections and associated documents will be posted to the Purchasing Department internet site with current revision dates noted.

A complete list of all current documents and revision dates follows:
